

## ERRATUM/CORRIGENDA

**Inulavosin, a Melanogenesis Inhibitor, Leads to Mistargeting of Tyrosinase to Lysosomes and Accelerates its Degradation**

*Journal of Investigative Dermatology* (2010) **130**, 908; doi:10.1038/jid.2009.264

**Correction to:** *Journal of Investigative Dermatology* (2009) **129**, 1489–1499; doi:10.1038/jid.2008.376

In the publication by Fujita *et al.*, the affiliations corresponding to footnotes 4 and 5 are incorrect. The correct affiliations are

<sup>4</sup>Department of Cell Biology, Faculty of Bioscience, Nagahama Institute of Bio-Science and Technology, Nagahama, Shiga, Japan

<sup>5</sup>Department of Pharmaceutical Cell Biology, Faculty of Pharmaceutical Sciences, Nagasaki International University, Nagasaki, Japan

The publisher regrets the error.

**Role for Protein Kinase C- $\alpha$  in Keratinocyte Growth Arrest**

*Journal of Investigative Dermatology* (2010) **130**, 908; doi:10.1038/jid.2009.261

**Correction to:** *Journal of Investigative Dermatology* (2009) **129**, 2365–2375; doi:10.1038/jid.2009.74

In the publication by Jerome-Morais *et al.*, the third to last sentence of the legend to Figure 7 is incorrect. The legend should state that K1 expression is *increased* and loricrin expression is *decreased* in the shPKC $\alpha$  organotypic culture.

The authors regret the error.

**Peroxisome Proliferator-Activated Receptor- $\alpha$  Is a Functional Target of p63 in Adult Human Keratinocytes**

*Journal of Investigative Dermatology* (2010) **130**, 908; doi:10.1038/jid.2009.262

**Correction to:** *Journal of Investigative Dermatology* (2009) **129**, 2376–2385; doi:10.1038/jid.2009.92

In the publication by Pozzi *et al.*, an acknowledgement was unintentionally omitted. The work was supported by grants from the Danish Health Science and Natural Science Research Council to SM.

The authors regret the error.

**Antimicrobial and Healing Efficacy of Sustained Release Nitric Oxide Nanoparticles Against *Staphylococcus Aureus* Skin Infection**

*Journal of Investigative Dermatology* (2010) **130**, 908; doi:10.1038/jid.2009.263

**Correction to:** *Journal of Investigative Dermatology* (2009) **129**, 2463–2469; doi:10.1038/jid.2009.95

In the publication by Martinez *et al.*, the acknowledgements are incomplete. The work was partially supported by the ASDS Cutting Edge Research Grant Program.

The authors regret the error.

**A TR(I)P to Pruritus Research: Role of TRPV3 in Inflammation and Itch**

*Journal of Investigative Dermatology* (2010) **130**, 908; doi:10.1038/jid.2009.260

**Correction to:** *Journal of Investigative Dermatology* (2009) **129**, 531–535; doi:10.1038/jid.2008.440

In the publication by Steinhoff *et al.*, a credit was omitted from the legend to Figure 3. The figure was modified from Damann *et al.* (2008) TRPs in our senses. *Curr Biol* 23;18:R880–9.

The authors regret the error.
